Development requires space - and moll grows along with it

moll offers safe, beautiful and intelligent solutions for people's learning and development. Because the learning location crucially contributes to learner success, 40 years ago we have invented desks that grow with the children who use them. Today we offer chairs and desks that can be adapted perfectly to the body — at any age or size. Let moll help you make room for your child's development.

Excellent desks grow with every challenge

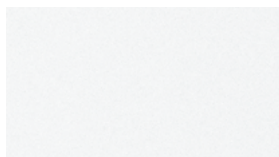

The Champion, Winner and Joker desk lines feature modular expansion and ergonomic height adjustment easy enough for a child. They grow with the children's and your needs. Quality, design and function make moll products faithful companions in childhood, and they custom adapt to the child's body and room. moll's extraordinary quality has grown to meet every challenge.

5 dimensions for healthy learning

Healthy learning largely depends on the place where it happens. With the right learning environment, you create the best conditions for your child's development. Solutions from moll keep adapting to the new requirements of every age and body size. Whether in height, width, depth, color or function, moll grows too.

› Desk panels and bodies

Melamine resin-coated surface/ MDF boards, varnished

- Wood materials according to /EN 312/ and /EN 14322.
- According to testing method EN 120, based on current knowledge, ensures that normal, appropriate use will cause no harm or health damage.
- FSC certification guarantees responsible handling of raw wood materials.
- Decorative surfaces tested for wear resistance, stain resistance, scratch resistance, impact stress and burning cigarette ash according to EN 14322.

Solid wood panels made of birch, beech, oak or walnut — varnished or oiled

- Solid wood as natural raw material from sustainable forestry (FSC certified).
- Tested according to DIN EN 13353 and DIN EN 13017-2.

ABS edges

- Thermoplastic material with excellent material and usage properties.
- Impact resistant, highly resistant to mechanical and thermal stress.

Color pigment and cover varnish system

- UV-curable lacquers, water-based and therefore highly environmentally friendly.
- Tested and certified according to RAL UZ 38.

> Certificates

5-year quality guarantee

moll offers a 5-year quality guarantee on all products.

5-year availability guarantee

moll offers a 5-year availability guarantee on containers, extensions and accessories.

GS symbol

moll products have earned the GS symbol, a seal recognized the world over for proven safety.

reddot award 2016
winner

red dot

moll products have been honored many times. Champion has received the red dot international prize for design, function and quality.

Blue Angel

moll products have received the "Blue Angel", the German seal for products that meet the seal's high standards for limiting emissions and hazardous content, for usability and for product packaging.

AGR

moll products have earned the ARG seal of approval. The ARG seal independently honors products developed to promote good back health.

Made in Germany

moll products are developed in Germany and manufactured to the highest quality and safety standards.

Patents

moll develops the fittings themselves. Many of these innovations are patented.

Easy assembly

moll places great value on well-organized packaging and very good assembly instructions, which are a must for quick, trouble-free assembly.

CARB II

moll wood materials are CARB II compliant with more restrictive limits than E1, according to testing method EN120, based on current knowledge, ensures that normal, appropriate use will cause no harm or health damage.

Electric devices bill:

moll products are registered according to the electric devices bill. Wholesalers and retailers are obliged to take back old electronic devices at no charge from customers buying an equivalent new product.

We effect all deliveries subject to our general terms of business. We reserve the right to make technical changes to any of the products.
We assume no liability for the content or printing errors.
